

This is not a sermon evaluation form; it is meant to help you discuss a sermon to help you be discipled and make disciples.

Reread the main text from the sermon.

What was the main point of the sermon?

What in the sermon stood out to you? (Challenging, Convicting, Encouraging, Helpful, Etc.)

How did the sermon push you to lean into the Gospel?

Was there anything that you disagreed with? If yes, why? (*Honestly and humbly ask if the disagreement is with something on the preacher's end or on your end. Sometimes disagreements are helpful in exposing blind spots in our lives*)

What secondary texts or points helped you?
